3mm Society Volunteers

An organisation like ours depends solely on volunteer efforts to function. Volunteers are crucial to what we do and without them, things stop happening. Many volunteers go quietly about their business and most other members don't hear about their important work but they do witness the results. There are over 35 individuals, some doing more than one job who deliver everything the Society does. From the more obvious volunteers like the committee, through teams of people assembling wheels, kits and spare parts to the groups running the shops and casting service.

In order to ensure that our volunteers receive some small recognition for their service, the Society offers them a 10% discount off of purchases made through the Society shops. This discount is offered on the following terms:

1. The discount is applicable only to the volunteer themselves. It must not be used to buy things for other people.

2. The discount will be applied automatically when placing orders through the Society website but must be claimed when placing each manual order. The shop teams will only verify the claim against the checklist. If you have any queries regarding your entitlement, please contact the Membership secretary.

3. The discount is applicable only to current orders and cannot be retrospectively claimed.

4. Discount claims are limited to once per order per shop and there is no limit to the number of times a separate claim can be made.

5. The discount applies to stock lines only and not postage. Some items will be exempt, depending on the supply source and pricing agreements in place.

6. The discount can be claimed for as long as someone is volunteering and ceases when they step down. The list of volunteers will be updated annually running from the date of the AGM. Contact the membership secretary if you feel you should be on the list of volunteers or wish to offer your help to the Society.

7. The discount maybe withdrawn if the member is found to be in breach of these terms.

Phil Smith - Secretary, 3mm Society – May 2024
